**The Bulletin.**  
TUESDAY.

**WASHINGTON.**

**CHASE CAUGHT.**

WASHINGTON, April 4th.—The heretofore unimpeachable son of the serpent is reported on engagement of Chief-Justice Chase to Miss Constance Kinney.

**Georgia.**

It is believed by the admission of Ames, from Miss., and Hamilton and Flanagan, from Texas, that the Georgia bill will be carried through the Senate without the Bingham amendment. It is also asserted that the House will never consent to the admission of a State without that proviso.

**Political Outlook.**

The opinion is expressed that the death of Gen. Thomas destroyed the hope of a new departure with the Republican party, and will necessitate the re-nomination of Grant.

**The Amendment.**

A motion will be made in the House this week, to instruct the Judiciary Committee to send for persons and papers to ascertain if the ratification of the XVth Amendment by Indiana was legal and proper, and to investigate the question of right of the State of New York to withdraw its ratification. Notwithstanding that the Secretary of the State of Indiana has certified to the State Department here that the ratification of the Legislature was proper, it is asserted by Indiana members that the Republican Governor looks upon it as illegal, and declares that it was done by less than a quorum of the Legislature. Although a Republican member made the motion of reference the other day, it is understood that new tactics have been agreed upon, that the Radicals in the House will oppose the investigation.

**NEW YORK.**

**A Bargain.**

NEW YORK, April 4.—In consequence of the meeting between Horace Greeley and John Morrisey in which it is alleged Greeley agreed to oppose the new charter in consideration of the promise of the nomination of Governorship by the Young Democracy, the Republican City Executive Committee at a special meeting this evening unanimously adopted resolutions recommending the adoption of the new charter.

**SAN FRANCISCO.**

**Another Earthquake Excitement.**

SAN FRANCISCO, April 3.—At 11:50 this morning, a sharp, wicked shock of an earthquake, six seconds in duration, occurred. The vibrations moved from southeast to northwest. The motion vertical. No damage to life, limb, or property. Intense excitement for a few minutes. Animals terribly frightened, and numerous runways resulted. The City Hall, where the courts were in session, Merchants' Exchange, Mercantile Library, Custom House and other large buildings were instantly vacated. A panic was created in the hotels, and the street swarmed with people in a moment. Raining at the time. Prior to the shock the barometer was noticed to fall rapidly.

**THE ST. NICHOLAS HOTEL AND RESTAURANT.**

This popular and elegantly located house of public entertainment is now fitted and furnished throughout in good style; and, under the management of Messrs. Walker & Slisson, is doing a large and thriving business. It is kept upon the European plan—the guest calling for what he wants and when he wants it, whether in the day or night-time, and paying only for what he orders. The rooms are large and clean, furnished with the best of beds and bedding, while all other features of the establishment are arranged with an especial eye to the comfort and convenience of the guests.

**JACHT.**
